Foreword

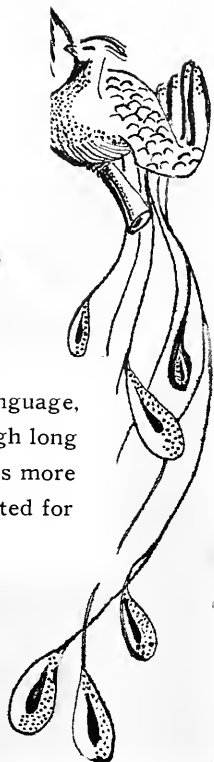

In the minds of men is embedded the culture of the Chinese. Their wisdom, art, and music have come down to us through the ages.

In honor of them, we have built the 1947 Lantern around a Chinese theme. To do this, we have tried to portray school activities as various phases of Chinese life.

And so, by means of this book, we transport you in spirit to that strange and mysterious land — China!

TABLE OF CONTENTS

[illegible]

Mr. William Sage, teacher of the French language, who possesses a most congenial spirit, and through long years of masterful teaching has made Easternites more conscious of the finer traits of life, has been selected for the dedication of the *Lantern* of 1947.

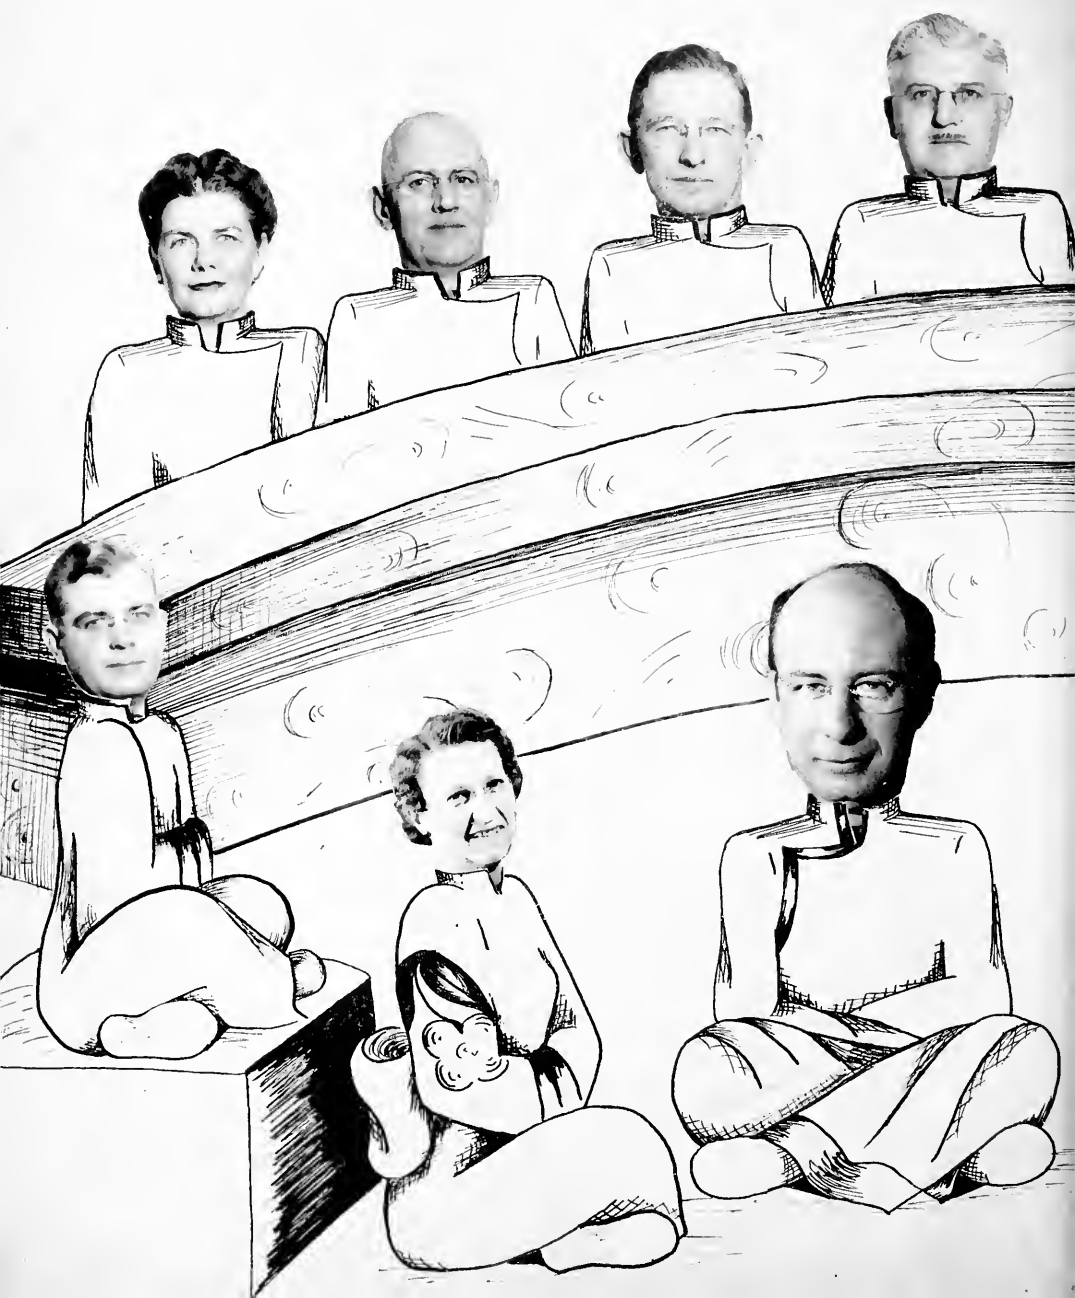

To Dr. Lee,

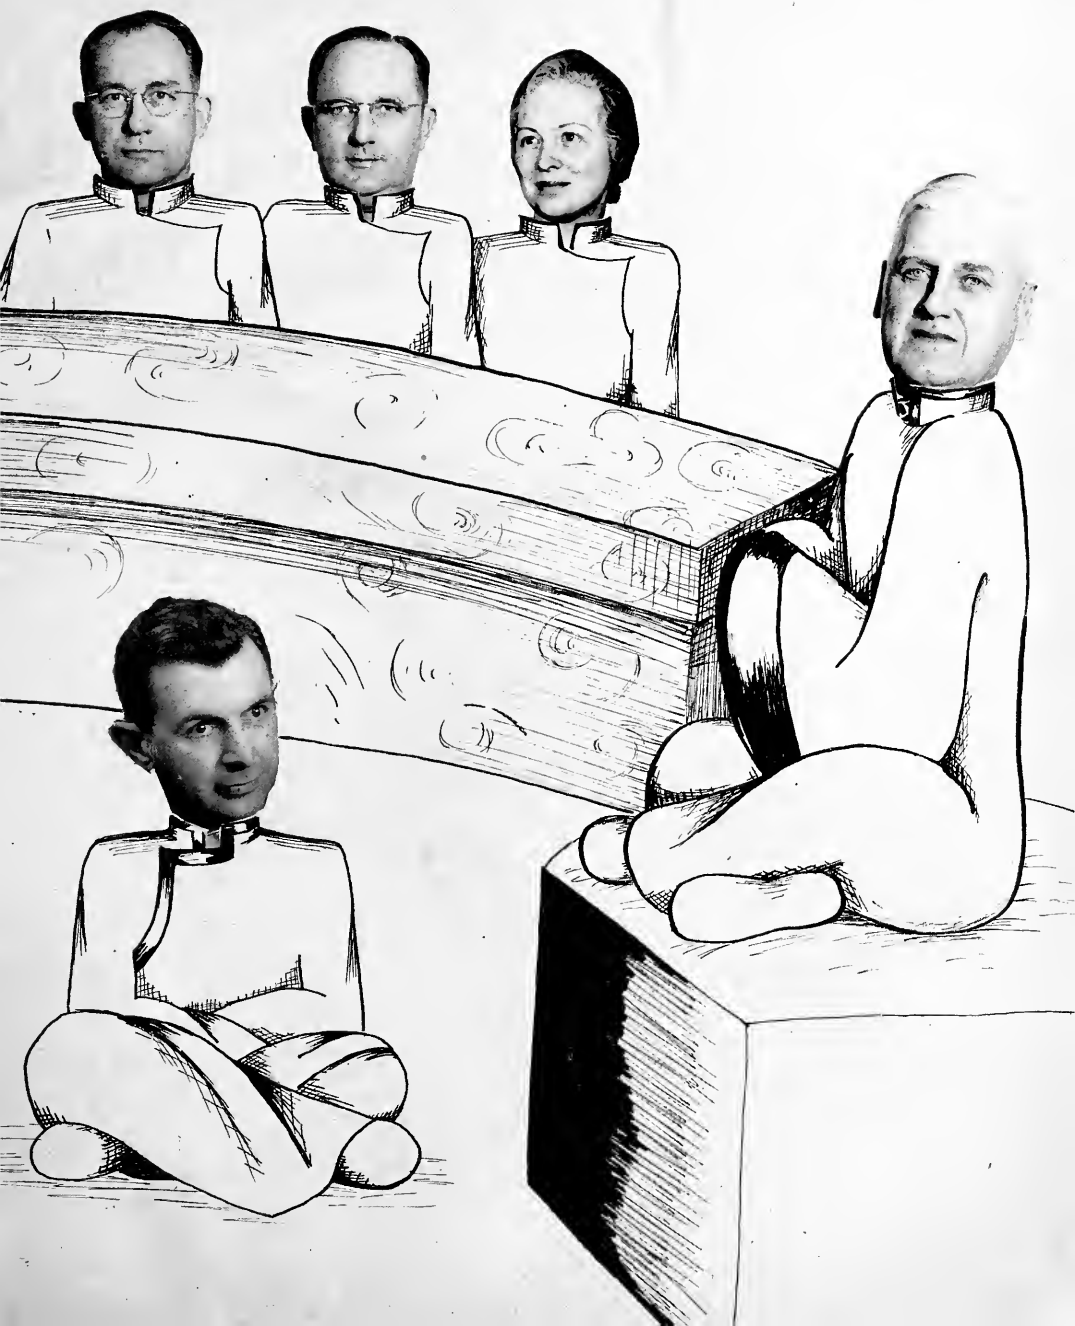

We wish to express our heartfelt thanks to Dr. Lee of Michigan State College for the aid he extended to us in helping with the technicalities of Chinese art, costumes, and architecture. We appreciate it very highly.

The Staff.

ADMINISTRATION

ADMINISTRATION

Those people most affecting our daily lives at Eastern are the School Board members—King's Row on the double page.

Extreme right—Mr. Rich, former principal of Eastern, has capably stepped into the high position of Superintendent of Schools.

Dr. Thorne—far left, has completed his second year as assistant superintendent. Because of his efficiency and administrative ability, he has well earned his position.

Through the guidance of Mr. Wheeler, second from right, Eastern High School has again completed a highly successful year. A competent leader and firm executive, Mr. Wheeler has done an excellent job and holds the loyalty and respect of his faculty and student body.

Mr. Leyrer, center, recently discharged from the armed services, has returned to Eastern as assistant principal. From a previous experience as teacher at Eastern, Mr. Leyrer has done much to do away with tardiness.

Second from left—Miss Benjamin, dean of girls, directs Girls' League, Honor Society and Student Council. Being well liked and an able leader, Miss Benjamin has contributed much to the success of these organizations.

BOARD OF ATHLETIC CONTROL

This board is the controlling factor of all school athletics. Deciding the standards of eligibility, tentative schedules, and awarding of letters to sport participants are some of the duties of the Board of Athletic Control.

Students who serve on this board are elected by their fellow members and possess a keen interest in school sports.

Seated: Mr. Winston, Mr. Gilson, Mr. Morrison, Mr. Wheeler

SENIORS

12-A CLASS OFFICERS

Upper left—President Don Foote

Center—Class Advisor Mr. Gilson

Upper right—Vice-President Kenny Skidmore

Lower left—Secretary Barbara Grimm

Lower right—Treasurer Doug Graham

In September, in the year 1945, a group of young hopefuls were gathered together for the first time. The students were designated to be the Eastern High School Class of June, 1947.

One little chap by the name of Carlyle Perry rose up among these students and was proclaimed their president. To prove to the world we were much awake, we held our Sophomore Mixer, February 16, 1945.

With our heads in the air we strolled down the halls in 1946 as Juniors. Roland Lewis took over the helm to steer us through this, and April 6, 1946, we featured the thrills of "Arabian Nights," our J-Hop.

Then finally we found ourselves Seniors. Don Foote was elected to guide the class through the final year. The 24th of May will long linger in the memories of those who attended their prom.

12-B CLASS OFFICERS

Upper left—Roland Stanley, President Center—Mr. Douglas, Faculty Advisor Upper right—James Stoll, Vice-President
Lower left—Barbara Davies, Secretary Lower right—Virginia Jordan, Treasurer

On a cold day in February, 1945, the class of January '48 entered Eastern as lowly Sophomores.

With the able assistance of Mr. Douglas, we chose our first president, Douglas McKim, who lead us through a very successful Sophomore Mixer.

Doug again took over our Junior year. Harold Kostoff and Bethel Frank got together with other hard-working members of our class and produced a splendid J-Hop, "Tarentilla."

This year we had a change in officers. Roland Stanley was chosen to head our class in a busy year. First we turned to our Senior B Play, "June Mad," which everyone enjoyed.

Most of our activities as Seniors are yet before us, and we look forward to a very successful Prom and graduation program.

SOPHOMORE

Douglas McKim—President
Norma Locke—Vice-President
Bethel Frank—Secretary
Virginia Jordan—Treasurer

JUNIOR

Douglas McKim—President
Georgia McClard—Vice-President
Marilyn Robbins—Secretary
Virginia Jordan—Treasurer

● **ADADOW, PATRICIA ANN**

A sports enthusiast, Pat is an active member of the G.A.A. Overly made-up girls irk her. She still is undecided as to what the future may hold for her. She helped with the Senior B Play.

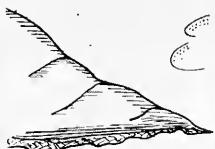

BLINCOC, CAROLE

A future co-ed, Carole is now a clerk at one of our neighborhood stores. Golf, ice-skating, and dancing interest her. Loves short-hair.

To All:

In the compiling of every year-book there are always a few who are in doubt as to how the staff is selected; how they function; and how the book is finally completed. At this time, we would like to explain to all, those very things.

Under the able hands of Mr. Brisbin, Mr. Peterman, and Miss Richards, the Big Five are chosen. Mr. Brisbin, being faculty advisor, selects the Editor-in-Chief. Mr. Peterman, as business executor of the Lantern, chooses the Business Manager and Advertising Managers, and Miss Richards is given the task of selecting an Art Editor.

This year, due to the extreme difference of enrollment in the June '47 class and the January '48 class, the teachers decided that co-editors and co-business managers would be appropriate. The people chosen for these honored positions were Elizabeth Schuurmans and Jim Stoll as co-editors and Myrna Ricketts and Jeanette Hanson as co-business managers. Dixie Eding was the person chosen to be art editor. Since teachers do not consult each other on their appointments, people from the same group are not represented and therefore, all "clicks" are eliminated from the year-book.

After the Big Five are chosen they hold a closed meeting and hand-pick the Lantern Staff. Each member is duly notified by formal invitation to serve on the Lantern Staff. Then the great task of assembling the book is started.

With main headquarters in 3-70, each respective editor assembles his part of the book and when all parts are completed they are bound together and presto! the Lantern materializes. (Don't we wish.)

It is our privilege to extend special thanks to those who have so graciously given so many hours of service to form this Lantern. May we take this opportunity to express our gratitude to the members of the Art Staff and a special thanks to Rose Ickes who added such finesse to our theme by her clever Chinese lettering.

The Lantern Ball, which is the social event of every staff, proved to be very successful and all who attended experienced a very pleasant evening. Chairman of this highly entertaining dance was Barbara Davies. Under the capable direction of Jean Hiashtutter, the Lantern Staff enjoyed a very exciting and pleasant trip to Chicago.

MY VISIT TO CHINA

As I walked down the streets of Chungking,
I saw many thing that I could laugh at,
Such as the Peiping carts and the elbow chairs.
If you had been with me you would have enjoyed looking at
The way they did their spring plowing with oxen,
Or how the Chinese mothers carried their babies.

This part of the world is about a thousand years behind time,
"Yes, we live in the Middle Ages," said the gatekeeper.
He could speak excellent English.
"You see, I did live in America but came back to China;
Your atomic age I could not get used to;
Its cars, trains, and airplanes are nice but unsafe."

"But this nation has inflation and a civil war!"
"Yes, it is true but remember the Japs attacked us,
In the year 1932," he said as his face paled.
"I paid a thousand dollars for one pair of shoes.
And what we are fighting for could be answered
In the 'Gettysburg Address' by Abraham Lincoln:

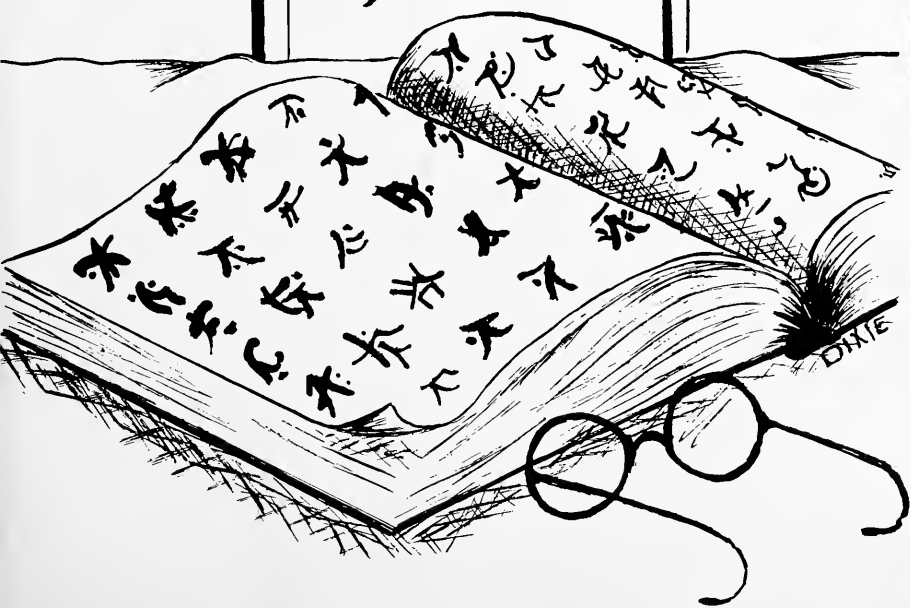

"Now we are engaged in a great civil war;
Testing whether that nation—or any nation, so conceived and dedicated—
can long endure.
That this nation shall, under God, have a new birth of freedom,
And that government of the people, by the people, for the people,
Shall not perish from the earth."

By Leo Radke,
12-B Class of January '48.

ACADEMIC

SOCIAL SCIENCE

SCIENCE

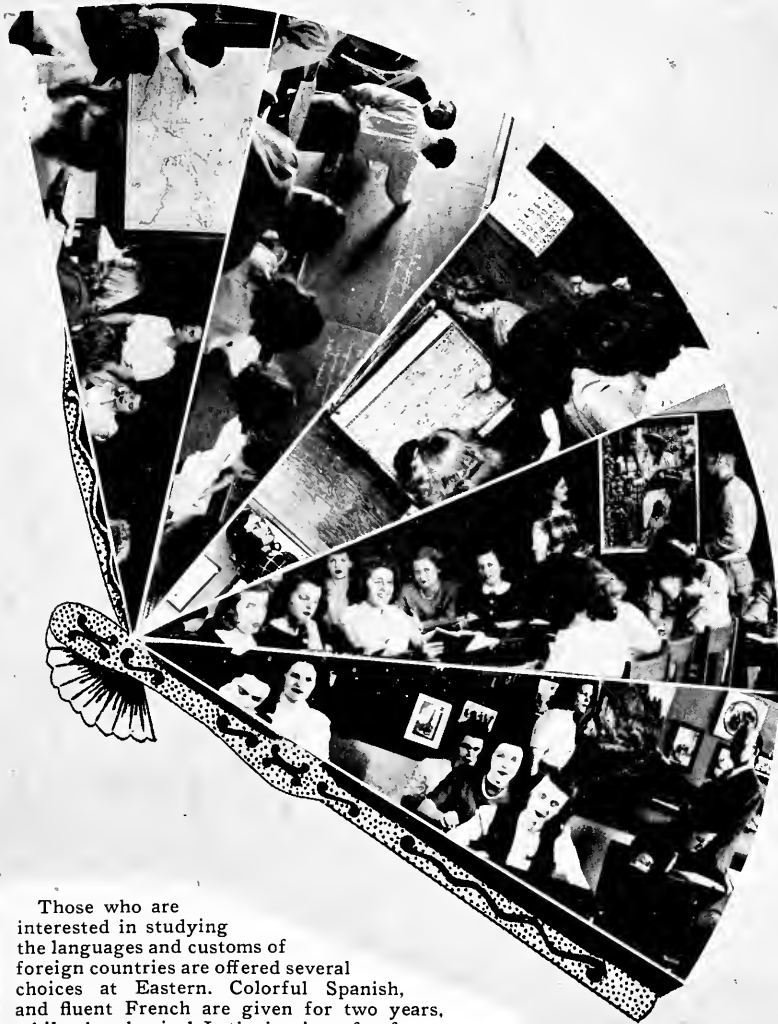

The familiar smell of formaldehyde and hydrogen sulfide will always remind Eastern students of the fun of studying biology and chemistry in our well equipped laboratories.

Physics students also enjoy working telegraphs and small electric motors in connection with their studies, while the would-be chemists enjoy meddling among their test tubes.

ENGLISH

LANGUAGES

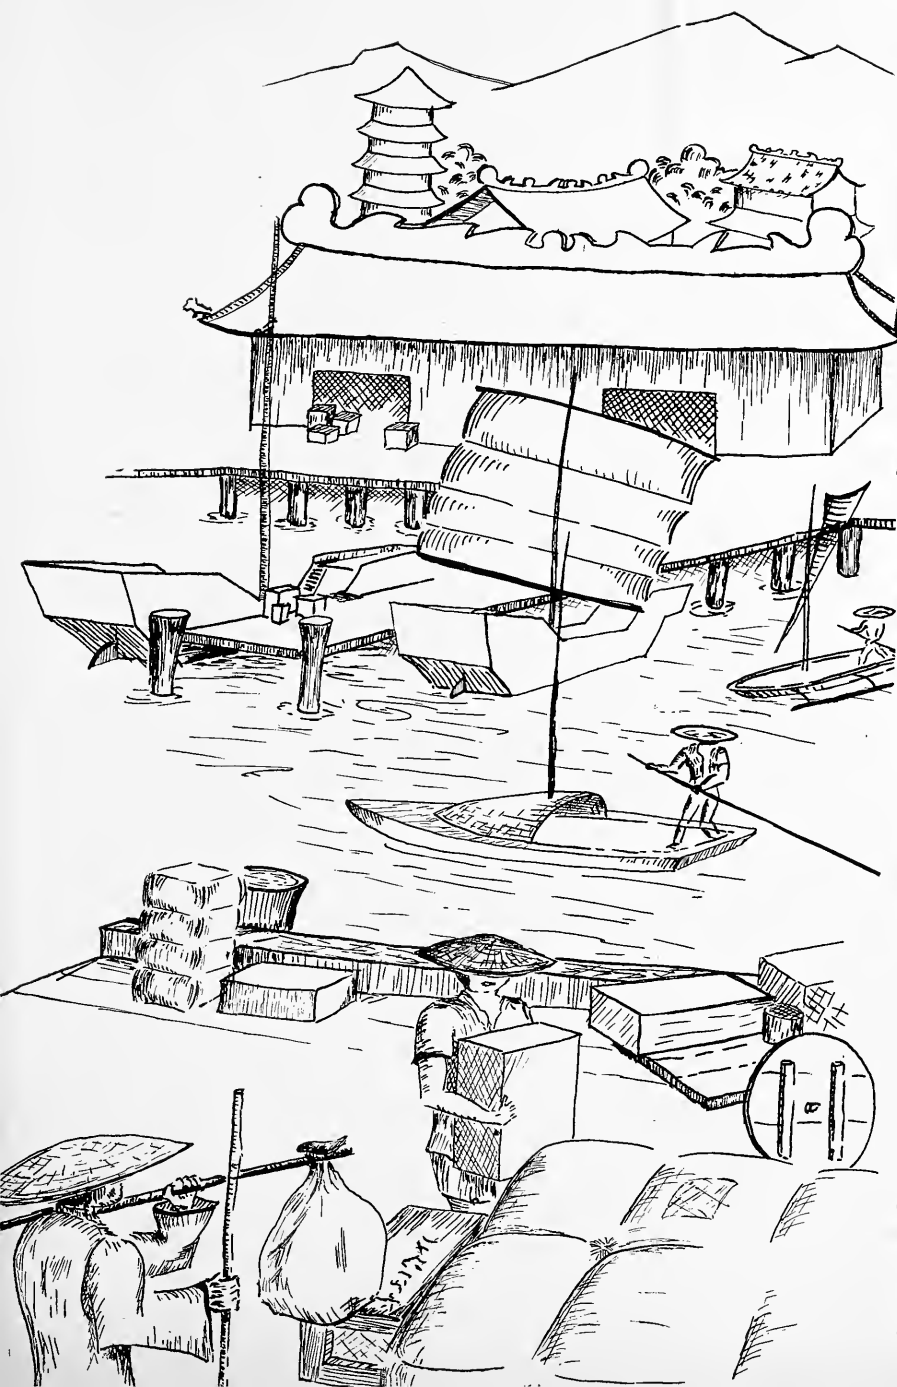

Those who are interested in studying the languages and customs of foreign countries are offered several choices at Eastern. Colorful Spanish, and fluent French are given for two years, while the classical Latin is given for four years.

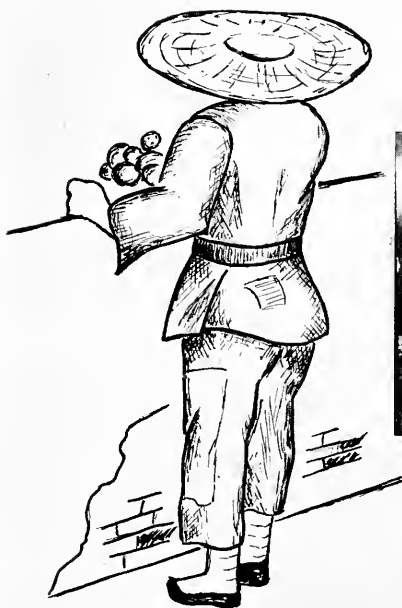

MATHEMATICS

Armed with slide rules, compasses, and protractors, the followers of the abacus at Eastern pursue cosines, hyperbolas, and parallelograms through two years of algebra, three semesters of geometry and one semester of trigonometry.

COMMERCIAL

\$100 CLUB

This group of students sold \$100 worth or more of magazines in our annual magazine campaign. They are from left to right: B. Addiss, F. Shinberg, B. Strickfaden, J. Rathburn, R. Bowerman, R. Rostorfer, J. Stoll, L. Radke, D. Draper.*

The school quota was set at \$15,000, but we proudly brought in a total of \$13,125. The individual quotas were set at \$10 per student.

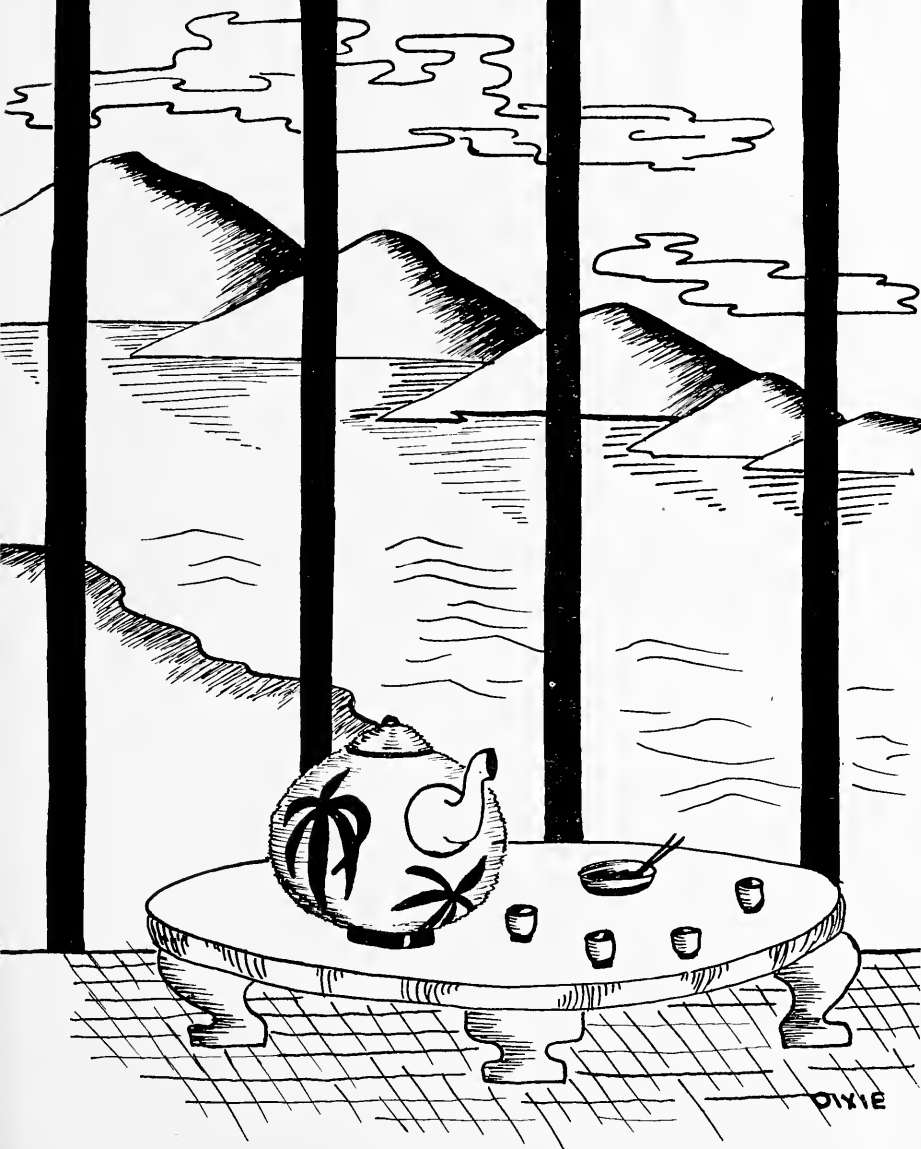

The main prize was a trip to Chicago for the highest boy and girl salesman. Flo Shinberg and Don Draper were the two students who enjoyed the trip. Other prizes were radios, compacts, tennis rackets, skis, luggage, and other articles.

Home room secretaries were responsible for the daily turn-ins in each home room. The two men who we owe our thanks to were Mr. Joe Shields and Mr. Peterman. We couldn't have done it without their assistance.

The five top home rooms were: Cafeteria, Mr. Flory; 353, Mr. Bosch; 255, Mr. Stillman; 367, Miss Toogood; and 309, Mr. Hayden.

*Priscilla Manz was absent when the picture was taken, but she also was a member of the club.

TEA HOUSE

FOODS

The savory odors which penetrate the east end of the second floor are products of the Foods classes. Here, under the able direction of Miss Gertrude Manchester, the girls learn not only the intricacies of working which are so important to any future homemaker, but those of planning the food allowance, entertaining for special occasions, planning nutritional meals, preserving foods, and the arrangement of an efficient kitchen.

Devotion to homework is richly rewarded by the "ohs" and "ahs" which will be uttered over their culinary successes.

Attention is given to personal appearance in the Personal and Social Problems classes. The care of hair, hands, and nails is studied under the supervision of Mrs. Kathrine Bruce. The selection of clothing, a study of vocations and money management are other important factors considered.

MANAGEMENT

Left: The correct way of making a bed
Center: Dinner is served in the apartment
Lower right: The girls receive instructions in the
Red Cross room

Home Management is just what the name infers—management of the home. The problems of decoration, cleaning, marketing budget, child care and care of the sick are taken up and duly solved with the aid of Miss Winona Weissinger. The four-room apartment consisting of living room, dining room, bedroom, and bath, provides a practical practice “lab” for these projects.”

CLOTHING

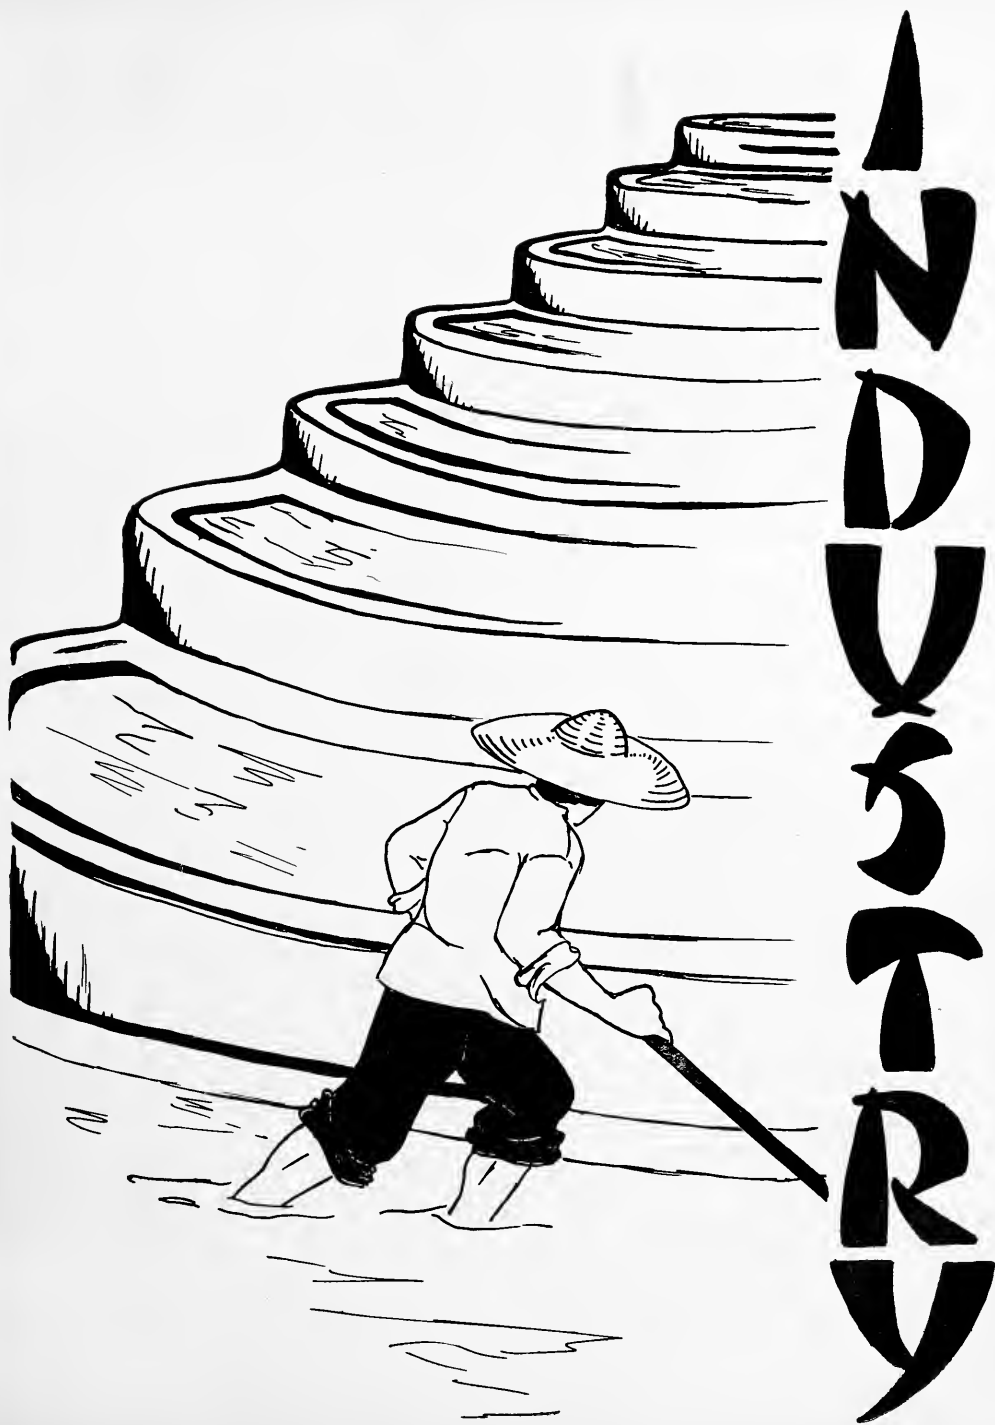

Clothing is one of the most popular courses offered by our Home Economic Department for the girls of Eastern realize what an invaluable asset it is to be able to "sew your own."

Early steps in the construction of any garment are the lay-out and cutting of the material as shown at right.

Examples of the finished product as shown in a Girls' League style show. Due to the capable instruction and assistance of Miss Winona Weissinger, a graduate of these classes is well prepared to enlarge her wardrobe.

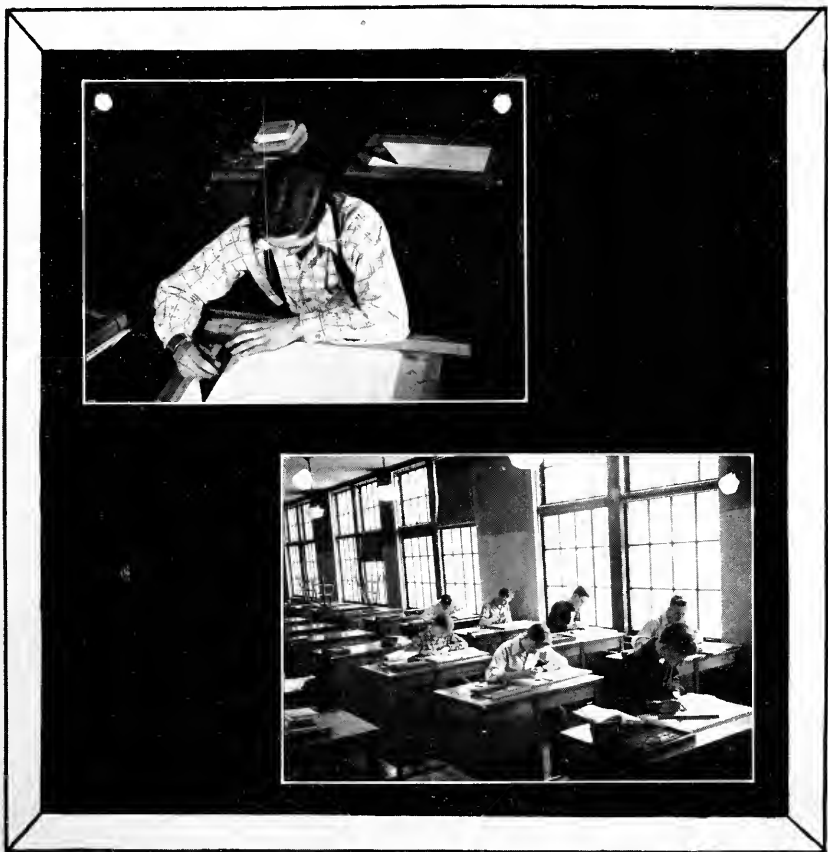

WOODWORKING

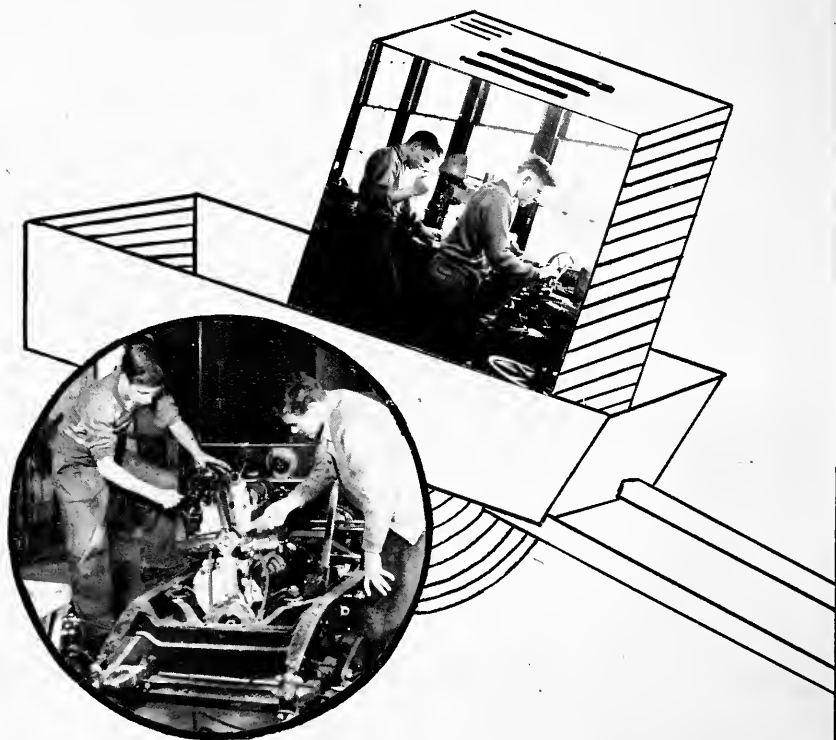

To the scrape of saws and the pounding of hammers, interspersed with the occasional whine of one of the power tools, Mr. Flory gives expert instruction to the boys who represent Eastern's contribution to world of carpentry.

DRAFTING

Before the great buildings and marvelous cars and planes of the future are built, there must be plans and blueprints made by far-visioned men of the drawing board. That is where the present students of drafting at Eastern come in. Instructed by Mr. Clark, these students are learning the basic fundamentals that will enable them to be these men.

AUTOMOTIVE

Carefully guided by Mr. Spitler, our able and competent metal-shop teacher, the boys in the Automotive classes spend approximately two-thirds of their time with rolled-up sleeves delving into the mysteries of automotive mechanics. Greasy hands and skinned fingers mean little to the future mechanics of this automotive age as they continue their unquenchable thirst for knowledge in what may be their future chosen profession.

PRINTING

Graduation Day

Twelfth year of School

Handwritten text in vertical columns, likely a sample of printed work or a student exercise.

Handwritten text in vertical columns, continuing the student exercise or sample work.

Handwritten text in vertical columns, continuing the student exercise or sample work.

Typesetting, engraving, press operating, and many other phases of printing come under the heading of class work as Mr. Eldred teaches the basic fundamentals of printing to the boys who hope to follow a career in the field of printing.

ART

Miss Richards, congenial head of the Art Department, supervises the Lantern Art work as well as directing her own art classes in their projects. On the third floor foyer, art students display their work for the enjoyment of passing students.

Presents

"The Desert Song"

(Operetta)

"The Seven Last Words of Christ"

(Easter Cantata)

Its Annual Spring Concert

Under the direction of Mr. McIntire, the Madrigal Choir has had an outstanding year. The repeat performance of "The Desert Song" was a brilliant success. Jean Hiaeshutter and Jack Morse as the two main leads with rest of the cast and choir gave an unforgettable performance.

The Easter Cantata was given many times, including a Palm Sunday performance, a radio broadcast, and for the Knights Templars. For its spring concert the choir united with the Cleveland Heights choir to give a memorable performance. In addition to these activities the choir has performed for many local organizations.

Under the skilled and able direction of our new band instructor, Mr. Bergan, the boys' band has brought a great deal of fame and prominence to Eastern High School. At the recent Grand Conclave of the Knights Templar held in Texas, Eastern had the only representative band outside the state of Texas. This is proof in recognition of the high standing held by our band in the nation's eye.

At home, the girls' and boys' band combined to form many difficult numbers and formations. On these occasions the girls' band proved that they, too, are a well trained organization. Yes, all Easternites should be very proud of our school band.

VARSITY DEBATE TEAM

Another wall plaque was added to our numerous collection, by winning six out of eight debates. Also this group placed second in the Five-A, by winning five out of eight debates. In placing in the state elimination tournaments we were the only school to accomplish this feat six years in a row.

STATE ELIMINATION TEAM

This year the State Elimination Team was composed of Joan Wilson and George Milroy, with Dan Joliff acting as alternate. The team won the Quarter-Final Debate from Alpena at the Alpena High School. Then they went on to capture the Semi-Final debate from the Ann Arbor High team. However, the Flint Central team took the final glory by defeating our team in the finals which were held at Ann Arbor.

DEBATE SQUAD

The debate squad as a whole holds practice debates. Also they study the fundamentals of effective speech and what makes for a winning talk. Finally from this group come the Varsity Debate team and the State Elimination team. The debate activities are under the capable direction of Mr. Harris, who has proved his skill in piloting the team into the State Elimination Tournaments for six consecutive years.

FOOTBALL REVIEW

Although the record for the 1946 football season was not too impressive it did not tell the whole story. We had a fighting team, but the breaks did not seem destined to fall on our side of the fence this year.

The squad first traveled to Saginaw where they ran into a light but very fast and experienced group of boys from Arthur Hill, who flashed a mid-season form and beat our boys 32-0.

The following Friday night the team made an impressive debut on their home field by defeating Owosso 7-6. While the line held the shifty Owosso backs to one touchdown, Rolly Lewis combined speed and endurance to score our only touchdown. He then took the ball and "bulldozed" over the goal line for the winning point.

On the succeeding Friday the boys went to Jackson to open the 5-A league schedule. Jackson scored first, but the Quakers finally got rolling and with some fine passing by Doug McKim and outstanding line play by Bob Nagel the Easternites settled for a 13-13 tie.

Next Battle Creek came to Lansing for our second 5-A league game. The Quakers advanced the ball freely at mid-field, but were stopped several times within the "Bearcats'" ten yard line. Again it was the same story as the previous week and the game ended in a 6-6 deadlock.

A non-league game with Benton Harbor was next on the schedule. However, the Quakers still were not getting their share of the breaks and had to settle for another tie, this time 6-6.

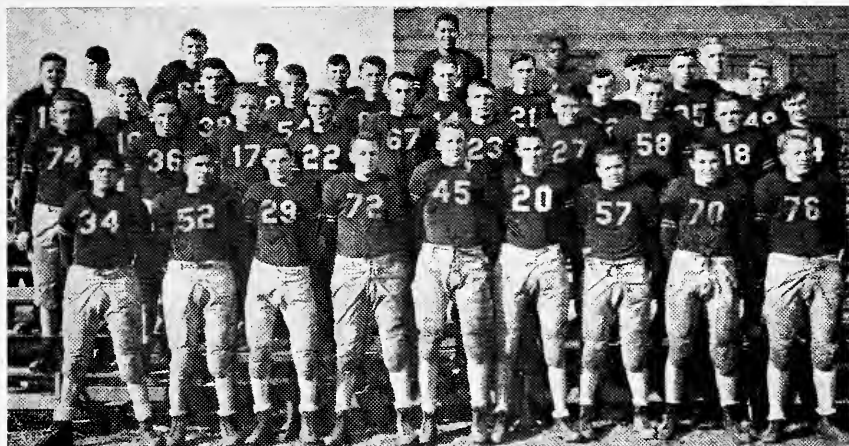

Seeking their first 5-A league victory, the team next encountered the "Pioneers" of Ann Arbor. The Quakers, after fighting in vain to break into the win column, gave a hard fought 13-7 decision to the Ann Arbor team. It was impossible to pick the winner of this contest until the final gun went off, because the team was pressing the "Pioneers" every play. In this battle the services of Roland Stanley were lost for the year, as he broke his collar bone.

For the first time in the history of the school our Eastern Athletic squad went out of the state to play Goshen, Indiana. With the second string playing most of the game the "Hoosier" passing attack could not be stopped and Goshen won 27-0.

To climax the season the Quakers met their cross-town rivals, Sexton, for the city title. The "Big Reds" had an impressive record with 7 wins in 7 games, while Eastern had 1 win and 3 ties in 7 games. Eastern was now without the services of two regulars as Gordy Trowbridge was injured in the Goshen game. Sexton scored three touchdowns, two of which were set up by Quaker "mis-ques." Eastern scored a touchdown on a long pass from McKim to Hethorn but the play was called back because of a holding penalty. The whole Eastern squad played hard the entire game with the defensive play of Walter Lander standing out, but the well balanced power of the "Big Red" attack paid off and Sexton won 18-0.

Now, as we look back over the record of the team, we see that the season was not as dismal as was expected. Also we find that out of the squad several of the boys will be back next fall for another crack at their league foes. Take a tip from your old friend Bud and he says, "Watch out you-all, because those old Quakers are going places next fall."

By Bud Lawrence.

Spring Sport Review

BASEBALL

Coach—Cad Spitler

Under Mr. Spitler this year's baseball team has been picking up momentum as the season progresses. The team is looking forward to a successful season.

Following are some of this year's scores:

Flint Northern	17	Eastern.....	5
Resurrection	1	Eastern.....	0
Owosso	6	Eastern.....	6
Jackson	4	Eastern.....	3
Battle Creek	1	Eastern.....	2
Sexton	3	Eastern.....	5

TRACK

Coach—Fred Stillman

Although the track team does not have such a favorable record in meets won and lost, they have several outstanding individuals.

Bob Nagel is undefeated in the 220 and the pole vault. He also stars in the 100-yard dash.

Other outstanding track men are Ken Maleitzke in the half-mile; John Bond in the mile; and Warren Delong in the 440. "Erv" Korrock stars in the shot-put.

GOLF

Coach—"Doc" Morrison

George Wakulsky has led our charges consistently this year in golf.

However, the team has been hampered by weather conditions and have not gained their much needed practice.

TENNIS

Coach—Willard Friz

The tennis squad has not proven exceptionally strong. Seeing there are only three seniors on the team, next year should see a much improved squad.

Jim Stoll possesses the best record of the season, and Don Nixon and Chuck Puffer are showing good form, also.

BOYS' GYM TEACHERS

The boys' gym classes are under the supervision of Mr. Friz and Mr. Altenhof. These men are very capable of leading the boys and have shown special talents in the coaching realm of Eastern High.

Reserve football and tennis are the sports in which Mr. Friz finds special interest. He has coached tennis for two years and football for the first time this year.

All Easternites are familiar with the basketball coach, Mr. Altenhof. He is well known for the excellent teams he turns out every year.

BOYS' GYM CLASS

The boys' gym classes were capably handled by Mr. Friz and Mr. Altenhof, who were assisted by several student teachers from M.S.C. For the first time in several years the boys were marked in gym class. This mark was decided upon by a very efficient system of points which were received according to each person's abilities and interests. The standard mark was "B" and this could be raised or lowered by merits or demerits received for such things as: Not taking a shower—3 demerits; showing leadership qualities—1 merit, and others. Another highlight has been the well organized inter-class basketball leagues, which have made the classes more interesting. But all is not play for there is also a healthy portion of exercise which is illustrated in the above picture.

1-2-3-GO

Swimming was coached by Mr. Stillman this year. The boys showed good form and are looking forward to a successful season next year.

Fred is one of the seniors on the swimming team. His absence will be felt next year on the squad.

Fred Schleicher

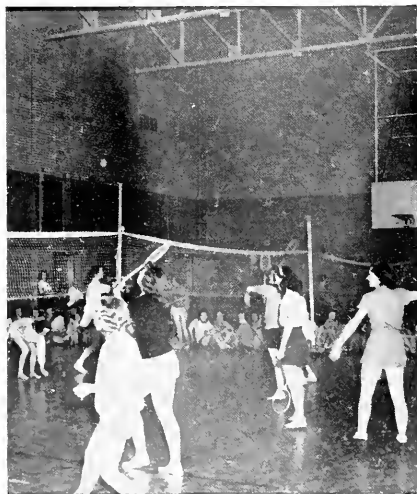

GIRLS' PHYSICAL EDUCATION TEACHERS

Miss Kruse is instructing her gym classes this semester as she has done in the past, with the same vim, vigor, and vitality.

Ruby Kruse

BADMINTON

One of the many activities in which the girls participate is the ever popular badminton. Shown here are some peppy games in full force.

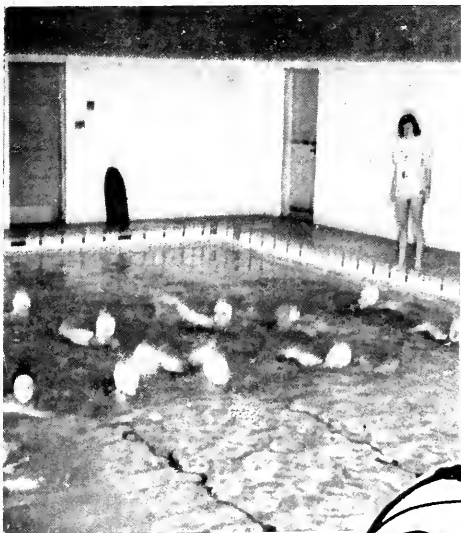

Although this is Miss Smith's first year at Eastern she has won the friendship and admiration of all the girls.

DANCING

Girls are in full swing on Fridays when the entire period is devoted to learning dances.

The Girls' Athletic Association this year has, under the leadership of Miss Kruse and Miss Smith, been outstanding in providing a source of good, wholesome recreation and fun for a great number of girls and has also helped to develop skills which are conducive to a more enjoyable and healthful leisure time

IN APPRECIATION

We, as members of the Lantern Staff, wish to express our sincere appreciation to Mr. J. F. Brisbin, Mr. R. B. Peterman, and Miss Elsa Richards for their kindly advice and co-operation and also to the following concerns, who have given us immeasurable aid in compiling the 1947 edition of our year-book.
